

Action Taken Report (M. Sc. / M. A. Environment Science)

- Teachers were informed about the feedback received for their courses for AY 2023-24.
- An overall "good" response was received from 2-3 students for courses offered in Semester I.
- For the following courses, only a single students responded:
 - ENV 504 Biodiversity Conservation Practical
 - ENV 506 Land, Ocean and Atmospheric Interactions Practical
 - ENV 521 Coastal Ecology
 - ENV 523 Mangrove Restoration and Conservation
- Only a single student provided feedback towards courses offered in semester II.
- For courses offered in semester III and IV, 4-6 students provided their feedback with an overall rating of "very good" for the courses they studied. For course ENV 622 Disaster Management, only a single student provided the feedback.

Based on response of students for courses that received 'not satisfactory' feedback, the following actions have been taken:

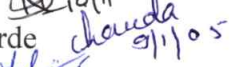

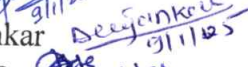

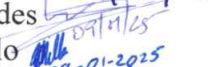

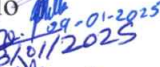

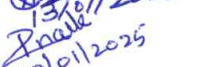

- The teachers are expected to consider changes according to students' feedback.
- Outcomes of the courses according to the feedback may be re-analyzed.

Dr. Sheryl O. Fernandes,
