

Name of the Programme : M.A. Public Administration
Course Code : PAD-524
Title of the Course : International Political Economy
Number of Credits : 4
Effective from AY : 2022-23

Prerequisites for the course:	Open to all students who have a B.A. in social sciences or related disciplines. A basic understanding of the major international economic issues is expected.	
Course Objectives:	The course seeks to familiarize the students with the evolution, concepts and issues pertaining to International Political Economy, as a very dynamic field of enquiry within international relations. It helps the students to locate intersections between global power politics and economic interdependencies that shape not just bilateral, but regional and multilateral global relations, with an appropriate mix of theories and case studies. This would also deepen the understanding of issues of International Administration and Comparative Public Administration.
