Title of the Course: Evolving Dimensions of Strategic Studies

| Pre-requisites for | Open to all Master's Students of International Relations pursuing Semes | ter II         |
|--------------------|---|----------------|
| the Course:        | courses   |                |
| Course Objectives: | 1. This course examines international conflict and cooperation, form    | s of strategic |
| -                  | interaction and causes of war and prevention of conflict and co         | nditions and   |
|                    | efforts toward attaining peace. It introduces students to the basic     | concepts of    |
|                    | the State, Power, National Interest, War, Conflict, and Peace,          | etc., as also  |
|                    | acquainting them with the nuances and intricacies of what con           | stitutes such  |
|                    | concepts and phenomena.   |                |
|                    | 2. The Course would enable students not just to understand the          | causes and     |
|                    | consequences of various dimensions within the discipline of Strat       | egic Studies,  |
|                    | but also be able to use analytical tools and frameworks to compre       | hend, dissect  |
|                    | and articulate the changing narrative and realm of Strategy.            |                |
| Content:           | Module I: Introduction:   | 10 Hours       |
|                    | Brief Survey of Strategic Thought (Kautilya, Clausewitz, Tsun-Tzu,      |                |
|                    | Mao); Concepts of Nation, State, Nation-State; Theories of the State;   |                |
|                    | Components, Dimensions & Notions of Power; Concept of _National         |                |
|                    | Interest.   |                |
|                    | Module II: Notions of 'Security':                                       | 10 Hours       |
|                    | National Security, Collective Security (Balance of Power vis-à-vis      |                |
|                    | Balance of Terror, Arms Control and Disarmament); Regional              |                |
|                    | Security, Comprehensive Security, Common Security, Human                |                |
|                    | Security, Maritime Security, Economic Security; Climate Security.       |                |
|                    | Module III: 'War' & 'Conflict' in Strategic Studies:                    | 10 Hours       |
|                    | Definition and Causes of War, Principles of War, Conventional           |                |
|                    | Warfare in the Nuclear Age, Limited War, Revolutionary, Guerrilla       |                |
|                    | War, Low Intensity Conflict(s), Insurgency and Counter-Insurgency       |                |
|                    | Operations, War against Terror; Techniques (Conflict Prevention,        |                |
|                    | Conflict Management & Resolution, Conflict Preservation, Confidence-    |                |
|                    | Building Measures.  |                |
|                    | Module IV: From Peacekeeping to Peace-Building:                         | 10 Hours       |
|                    | Epistemology and Concept, Dimensions, Approaches and                    |                |
|                    | Assumptions; Civil-Military Relations (Theories, Models, Empirical      |                |
|                    | Studies); IGOs and NGOs in Peace-Operations (Peacekeeping, Peace-       |                |
|                    | Making, Peace-Enforcement & Peace-building); Diplomacy and its          |                |
|                    | Role (Genesis, Evolution, Changing Contours, New Age Approaches,        |                |
|                    | Methodologies & Techniques), Peace Movements & Peace Research.          |                |
|                    | Module V: Module V. Role of Science & Technology:                       | 10 Hours       |
|                    | Research & Development in Defence Preparedness (Revolution in           |                |
|                    | Military Affairs); Military-Industrial Complex and Modernization &      |                |
|                    | Indigenization in Defence Requirements, Disruptive Technologies.        |                |
|                    | Module VI: Strategic Stability: Imperatives and Challenges:             | 10 Hours       |
|                    | Evolving Alliance Frameworks, Defence Cooperation, Security &           |                |
|                    | Strategic Dialogues; Nuclear Deterrence, Non-Proliferation, Nuclear     |                |
|                    | Regimes; Problems in System ofGovernance & Human Rights,                |                |
|                    | Organized Crime & Violence; Migration, Environmental Concerns,          |                |
|                    | Failed States and State Collapse.                                       |                |
| Pedagogy:          | . Lectures/Tutorials/Assignments/Self-Study/Discussions/Audio-Visuals   |                |

Course Code: INR 505

Title of the Course: International and Regional Institutions in Global Governance

| Pre-requisites for | Open to all Master's Students of International Relations pursuing Semester II  |  |  |
|--------------------|--|--|--|
| the Course:        | courses.   |  |  |
| Course Objectives: | The Course beholds the following objectives:   |  |  |
|                    | 1. Aims to acquaint students with a rudimentary conceptual understanding of  |  |  |
|                    | the various forms of sovereign inter-state and myriad other organisations that   |  |  |
|                    | punctuate the landscape of global politics and conditioning the terrain o  |  |  |
|                    | global and regional governance.  |  |  |
|                    | 2. Disseminating knowledge and information coalesced around how the  |  |  |
|                    | mutating forms of organisations are addressing themselves to geopolitica   |  |  |
|                    | geo-economic and geo-strategic portfolios of decision-making and policy.   |  |  |
|                    | 3. Endeavouring to elucidate the principles and basis upon which sovereign   |  |  |
|                    | collectivisation of functional kinds, is increasingly taking shape, consequently   |  |  |
|                    | redefining regional and global approaches to international issues  |  |  |
| Content:           | Module I: Introduction to International Organization: 10 Hours   |  |  |
| Content.           | Conceptual – Construct; Typology; Historicity; Role and  |  |  |
|                    | Significance in Evolving World Politics.   |  |  |
|                    | Module II: The UN System and Changing Global Politics: Structure 10 Hours  |  |  |
|                    | and Functions of UN Organs; Specialised Agencies and Global  |  |  |
|                    | Commons, UN's Role Regional and Global Peace and Security, UN  |  |  |
|                    | Peace Operations; Cooperation Framework with Regional Security   |  |  |
|                    | Organisations.   |  |  |
|                    | Module III: Regionalism, Institutions & Global Governance: 10 Hours  |  |  |
|                    | Politico-Diplomatic, Economic and Security based Regionalism;  |  |  |
|                    | Regional Economic Communities (RECs) and Regional Security   |  |  |
|                    | Organizations (RSOs) – Select Cases.   |  |  |
|                    | Module IV: Institutional 'Geo-Economic' Governance: Bretton 10 Hours   |  |  |
|                    | Woods Regime (IMF & World Bank); Rules Based Mercantilism  |  |  |
|                    | (GATT, WTO); Development Financing (ADB, NDB, AIIB, ADB-   |  |  |
|                    | Africa, etc.); Structured Regional Economic Cooperation (REC)  |  |  |
|                    | Initiatives.   |  |  |
|                    | Module V: 'Regionalism' Anew: Functional Collectivisation (Multi- 10 Hours   |  |  |
|                    | lateralism, Mini-lateralism, Pluri-lateralism); Re-imagined  |  |  |
|                    | Geopolitics (BIMSTEC, EAS, SCO); Regional Trade & Investment   |  |  |
|                    | Arrangements (USMCTA, RCEP, CPTPP, AfCFTA); Development  |  |  |
|                    | Diplomacy.   |  |  |
|                    | Module VI: International and Regional Approaches to 10 Hours   |  |  |
|                    | Governances Challenges: Counter-Terrorism; Humanitarianism;  |  |  |
|                    | Sustainable Development; Climate Change and the Environment;   |  |  |
|                    | Maritime Security; Global Organizations (UN, IMF) Reforms; Rules   |  |  |
|                    | and Norms for Global Commons Management; Civil Society and   |  |  |
|                    | Institutional Governance   |  |  |
| Pedagow:           | Class Lectures, Written/Oral Assignments, A-V Presentations  |  |  |

| Outcomes: | 1. Students will be well-versed with the tools and methodologies of research which          |
|           | will make him/her procced in the right direction.   |
|           | 2. Understand the differences between quantitate and qualitative research                   |
|           | techniques.   |
|           | 3. Learn the techniques of report writing.  |
|           | 4. Understand the limitations of Research in International Relations.                       |

Course Code: INR 601

Title of the Course: Research Techniques in Area Studies

| Pro requisites                 |   |               |
|--------------------------------|---|---------------|
| Pre-requisites for the Course: | Open to all Masters students of Goa University.                           |               |
|                                |   |               |
| Course                         | 1. The course intends to introduce and explain how Area Studies as a      |               |
| Objectives:                    | sub-discipline of International Relations works in the realm of           |               |
|                                | research.   |               |
|                                | 2. The course is designed to disseminate information and teach            |               |
|                                | methodologies to students who are interested in undertaking               |               |
|                                | research work under the larger rubrics of Area Studies.                   |               |
|                                | 3. Students will be able to apply the knowledge of International          |               |
|                                | Relations theory to specific geographical regions of the world and        |               |
|                                | have a comprehensive understanding using the methodologies learnt         |               |
|                                | in this course.   |               |
| Content:                       | Module I: Introducing and Understanding Area Studies: Researching         | 10 Hours      |
| Content                        | Various Areas as defined by Area Studies: Select Cases—East Asian         | 10 110013     |
|                                | Studies, Latin American and Caribbean Studies, African Studies, South     |               |
|                                | Asian, West Asian, South East Asian, Central Asian and China Studies.     |               |
|                                |   | 10 Hours      |
|                                | Module II: Research Design and Case Studies in Area Studies:              | TO HOURS      |
|                                | Design case studies, Properties of case studies, Units for study, Role of |               |
|                                | theory, Relevance for the study of the case. Key Debates in Case Study    |               |
|                                | Research –different epistemological traditions and disciplines, Exemplary |               |
|                                | Case Studies conducted by Area Studies specialists; Select                |               |
|                                | epistemological and theoretical assumptions in social sciences and        |               |
|                                | research strategies and methodologies; Quantitative and Qualitative Case  |               |
|                                | Study Design.   |               |
|                                | Module III: Oral History Interviewing Techniques:                         | 10 Hours      |
|                                | Oral sourcesobjectivity, authenticity, reliability and power relations;   |               |
|                                | Interviews: Techniques and Strategies analysing interview data. Analyzing |               |
|                                | Documents in Historical and Contemporary Research—Use of archival         |               |
|                                | documents and texts; Critical Assessment of Texts.                        |               |
|                                | Module IV: Field Research in Area Studies: Individual Research—Primary    | 10 Hours      |
|                                | Source Documents, Participant Observations Interviews, Focus Groups,      | 10 110013     |
|                                | Questionnaires and Surveys; Modalities of Accessing Information; Field    |               |
|                                |   |               |
|                                | Research: Harm, Consent, Transparency; Introduction to Statistics:        |               |
|                                | Measurement and central tendency; data visualization.                     | 40.11         |
|                                | Module V: Mixed Methods Research:   | 10 Hours      |
|                                | Use of archival documents and texts; Perspectives on the relation         |               |
|                                | between Writers and written sources, relevance of Complementarity,        |               |
|                                | Trigulation, and Holistic Data Collection of texts for research on        |               |
|                                | contemporary topics; Comparative Research, Situation Models and           |               |
|                                | Agent-based Model; Post-colonial ethnography and contemporary world.      |               |
|                                | Module VI: Report Writing: Style and Content—Abstract, Research           | 10 Hours      |
|                                | Problem, Introduction, Literature Review, Hypotheses/Research             |               |
|                                | Question/s, Methodology—Quantitative and Qualitative, Data Analysis,      |               |
|                                | Chapterization, Conclusion and Bibliography/References.                   |               |
| Pedagogy:                      | Lectures/Tutorials/Assignments/Self-Study/Discussions/Audio-Visual        |               |

Title of the Course: International Relations (IR) Practice: Research Tools and Aids

| Pre-requisites        | Open to all Master' students of Goa University.   |  |
|-----------------------|---|--|
| for the Course:       |   |  |
| Course<br>Objectives: | <ol> <li>The course intends to acquaint students with the practical understanding tools and aides available to carry out research in International Relations.</li> <li>Specific modules are designed to assist the students in their research ou</li> <li>The course also deciphers relevant information regarding publications as students towards newer research avenues. A hands-on training and exp be provided to the students.</li> </ol>   | tput.<br>nd orients  |
| Content:              | Module I: Themes, Objectives and Premise of Research in IR  | 10 Hours   |
|                       | Research Agenda of International Relations, Evolving Contemporary Themes in International Relations, Case Study in International Relations, Comparative Studies: Variables and Participants.  Module II: Sources and Basic Writings  Identifying sources in IR: Primary, Secondary and Tertiary, Scholarly Journals, Construing IR Literature; Foreign Policy Reportage, Public Interest Write-Ups; Understanding Newer Research Platforms like Statista, EP&W Engage, The Economist Intelligence and Foreign Policy Power Maps.  Module III: Survey and Numerical Tools  Classification of Data and Statistics, Sample Survey Methods, Sample Analysis, Preparing Surveys and Questioners, Interviews, Data Interpretations, Data Coding, Introduction to Big Data.  Case Study: SPSS Software.  Module IV: Proposal and Report Writing  Making Research Proposal, Hypothesis Testing, Literature Review, Research | 10 Hours 10 Hours  |
|                       | Question, Abstract, Research Paper, Policy Brief, Position Paper.  Module V: Research Publications Guide International Publishing Dynamics, Academic Systems, Predatory Journals, Finding Index Journals, UGC CARE List – SCOPUS, Similarity Report Generation, Repository and Databases.   |  |
|                       | Module VI: Digital Document and Reference Management Systems  Latex; Grammarly; Mendeley; EndNote   | 10 Hours   |
| Pedagogy:             | Classroom interaction, fieldwork, assignments using the digital tools, audio-v  | risual tools   |

|-----------|--|
| Course    | At the end of the course, the student will:                  |
| Outcomes: | Orientation of research tools and aides.                     |
|           | 2. Have a clear understanding of survey and numerical tools. |
|           | 3. Hands on training on open-source platforms.               |
|           | 4. Understand the various reference management systems.      |

Course Code: INR 621

Title of the Course: Latin America and the Caribbean in World Affairs

| Effective from AY | : 2022-25   |               |  |
|-------------------|---|---------------|--|
| Pre-requisites    | Open to all students of Goa University interested in studying and understand    | Latin         |  |
| for the Course:   | America—its politics, its history, it culture and its foreign policies.         |               |  |
| Course            | 1. The course purports to provide insights on the role of Latin America and the |               |  |
| Objectives:       | Caribbean in contemporary world affairs.  |               |  |
|                   | 2. As a background the course will offer a historical perspective on the evol   | lution of the |  |
|                   | region's global view with the interaction of these regions in world affairs     | since         |  |
|                   | independence.   |               |  |
|                   | 3. The major focus of the course is on their perceptions and policies toward    | ds global     |  |
|                   | and regional issues especially since the end of World War II.                   | _             |  |
| Content:          | Module I: Introduction to Latin America in World Affairs:                       | 10 Hours      |  |
|                   | A Brief Geopolitical Survey of Latin America; Latin America and the             |               |  |
|                   | Evolving International System: Some Basic Themes and Issues,                    |               |  |
|                   | Perspectives on the Evolution of Latin America's Global View.                   |               |  |
|                   | Module II: Latin American and Caribbean Perceptions and Policies                | 10 Hours      |  |
|                   | towards   |               |  |
|                   | the US Since WWII:  |               |  |
|                   | Good Neighbour Policy, Atoms for Peace, US Intervention in Guatemala,           |               |  |
|                   | Cuban Missile Crisis, Dominican Republic, Nicaragua, Grenada; Debt,             |               |  |
|                   | Trade, Security, Regional Integration.  |               |  |
|                   | Module III: Relations with Western Europe:                                      | 10 Hours      |  |
|                   | Historical Antecedents; Trends and Prospects—Trade, Colonialism,                |               |  |
|                   | Culture, European Union-Latin America and the Caribbean.                        |               |  |
|                   | Module IV: Emerging Postures and Policies Towards India, China and              | 10 Hours      |  |
|                   | Africa:   |               |  |
|                   | Energy, Security, Trade, Multilateralism—IBSA, BRICS, G-4, CELAC, Pacific       |               |  |
|                   | Alliance, ALBA.   |               |  |
|                   | Module V: Role of Latin America and the Caribbean in the OAS and the            | 10 Hours      |  |
|                   | <b>UN:</b> Creation of OAS, OAS in Conflicts; Role of US in the OAS—Guatemala,  |               |  |
|                   | Cuba, Falklands, Haiti; Rio Group; Social and Economic Initiatives.             |               |  |
|                   | Module VI: Postures and Policies on Major Global Issues:                        | 10 Hours      |  |
|                   | Environment, Terrorism, Drug-Related Violence, Diaspora Women's                 |               |  |
|                   | Movements, Other Social Movements and Indigenous Ethnicity.                     |               |  |

# Course Outcomes: 1. Can understand sentences and frequently used expressions related to areas of most immediate relevance (e.g. very basic personal and family information, shopping, local geography, employment). 2. Can communicate in simple and routine tasks requiring a simple and direct

- Can communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar and routine matters.
- **3.** Can describe in simple terms aspects of his/her background, immediate environment and matters in areas of immediate need.
- **4.** Can use basic level Spanish to navigate through everyday life.

Semester IV

Name of the Programme: MA International Studies

**Course Code: INR 603** 

Title of the Course: Academic Writing in International Relations

| Pre-requisites  | Open to MA Part II Students of International Studies Programme and otl         | hor          |
|-----------------|--|--------------|
| •               |  |              |
| for the Course: | programmes who are interested in doing research based on interdiscipling.      | -            |
| Course          | 1. The Course aims to acquaint students with the basic of academic writ        | _            |
| Objectives:     | how is it different from other forms of creative expressions such as sp        | eech, taik,  |
|                 | social media, and policy.  |              |
|                 | 2. Raising awareness of, acquiring, practising, and reflecting upon the va     | irious       |
|                 | genres and conventions of written texts and modelling them oneself.            |              |
|                 | 3. Academic writing is as much an art as it is a science, as one learns the    | formation    |
| _               | of arguments, writing an opinion paper, a proposal, thesis or articles.        |              |
| Content:        | Module I: Introduction to Academic Writing: Pure academic writing;             | 10 Hours     |
|                 | Identifying arguments, search for questions, evaluating claims with            |              |
|                 | supporting evidence, and comparing ideas, summarizing those                    |              |
|                 | arguments and contextualizing texts within a wider debate: Grounding           |              |
|                 | Research in Theory; underlying principles of academic writing and              |              |
|                 | genre theory.  |              |
|                 | Module II: Prelude to writing and Writing Process: Writing an outline;         | 10 Hours     |
|                 | Turning an outline into a cohesive and coherent piece; Problem                 |              |
|                 | solving in writing; cultivating an Analysis; Summarizing and Inferences.       |              |
|                 | The writing process: Drafting, revising and proofreading; Finalising,          |              |
|                 | Copyrighting, Peer Reviewing, Publishing.                                      |              |
|                 | <b>Module III:</b> Using the Work of Other Writers Effectively: Differences in | 10 Hours     |
|                 | Referencing, Bibliography: In-text citations, Endnote, Footnoting;             |              |
|                 | Different Formats in Referencing; APA, Chicago, MLC, Oxford etc;               |              |
|                 | Referencing from various types of sources, use of such data in one's           |              |
|                 | own work.  |              |
|                 | Module IV: Format of Academic writing: Learning the format of                  | 10 Hours     |
|                 | writing Position Paper, Review Article, Article. Hands on training by          |              |
|                 | learning to format of Writing an Opinion Piece/ Review by writing and          |              |
|                 | reviewing.   |              |
|                 | Module V: Format of Academic writing: Proposal, Thesis: Writing of             | 10 Hours     |
|                 | Literature Review, Research Questions/Hypothesis, Research                     |              |
|                 | Methodology, Chapterization, Inferences and Conclusion.                        |              |
|                 | Module VI: Ethics and Effective Tools in Academic Writing:                     | 10 Hours     |
|                 | Intellectual Property Rights, Copyrighting and Plagiarism; Ethics in           |              |
|                 | research: Software tools like Grammarly, Plagiarism Checks and                 |              |
|                 | various applications-Turnitin, Referencing-Mendeley, Endnote etc.              |              |
| Pedagogy:       | Classroom Lectures, interactive teaching actively engaging students with       | cases and    |
|                 | samples. Practice drafting Position paper/ Opinion piece. And Peer review      | wing a       |
|                 | written text. Drafting a Proposal/Policy/Article/Thesis.                       |              |
