Name of the Agency Supervisor with Contact Details	Silva Almeida Project Director Palliative Care Project South

Feedback for the student:

Shabana, is a kind and gentle young lady who endeared herself to the team. She was assigned feedback of the clients, and she helped out also in using the palliative care screening tool. She was interested in increasing footfalls at the OPD, and designed an e-poster for this. She integrated well with the team and went for home visits as well.
