25 February 2022

To Whomsoever it may concern

This is to certify that **Mr. Aamir Jakati**, a Master's student at the Goa university completed his internship for one month (1st - 31st January 2022) in the project "Tracking the nearshore and migratory movement of sea turtles occurring in the coastal waters of Maharashtra" under my guidance. During his internship, he assisted in the fieldwork in the Sindhudurg district of Maharashtra where he learned about the ecology and conservation of sea turtles. He specifically assisted in social surveys of fishermen, beach mapping, and testing of satellite telemetry equipment. I found Mr. Aamir to be a quick learner and very much enthusiastic in undertaking the tasks assigned to him. I wish him the very best in all his future endeavours.

(Dr. R. Suresh Kumar)
