Dedagogy	Communicative entrough and teaching learning response	]
Pedagogy:	Communicative approach and teaching-learning process	
	based on classroom tasks. The emphasis in a	
	communicative task is on successful task completion and	
	consequently the primary focus is on meaning as learners	
	realise their communicative intentions. However, in the	
	case of tasks designed for language learning or teaching	
	purposes, performance is concerned both with meaning	
	and the way meanings are comprehended, expressed and	
	negotiated.
