#### 1) Concerns and suggestions raised by the students during the mentor-mentee meeting

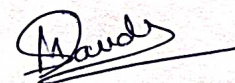

The agenda for the meeting was to discuss the concerns and suggestions raised by the students during the mentor-mentee meeting held earlier on the same day. All faculty members debriefed on the issues and suggestions put forward by their respective mentees.

- **Transport:** Problems about transportation since they found it challenging to get from Bambolim to Goa University during rush hour due to the lack of adequate buses.
- **Career-Counselling:** A request was received for career counseling regarding career opportunities after completing the master's degree.
- **Option of internaship:** Part I batch showed interest in undertaking internship in lieu of dissertation. Students requested to be given the option to select either an internship or a dissertation.
- **Overload of ISAs:** Part I students found it difficult and stressful to answer 4 ISAs of each paper. There was a request to reduce the number of assessments. It was decided to have different modes of ISA instead of only written tests and presentations.
- **Saturday classes:** Students requested that classes should not ordinarily be kept on Saturdays because of traveling costs and other home duties.

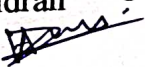

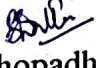

- **Core paper timing:** Students requested to keep the lectures of the compulsory courses as the first morning lectures.
- **Canteen facility:** It was reported by many that the canteen facility needed improvement.
- **Sanitary pad disposal machine:** Girl students requested that the sanitary pad disposal machine which is installed in the girls washroom ground floor is not working and needs repairs..
- **Counsellor:** Concern was raised over the mental well being of the students. In this regard, all members unanimously agreed to take up this matter and also initiate the immediate request for a mental health counselor at Goa Business School on a weekly basis.
- **Activities:** The students stated that they would like the number of talks to be streamlined according to their relevance to the subjects, as they have been attending too many talks.
- **Hostel related issues:** Residents of the hotel raised concerns about the quality of drinking water and the mess food in the Women's Hostel.

The DFC recorded these feedback points and decide to place for necessary action. The meeting concluded at 2:30 pm with a vote of thanks to the Chair.
