

## REPORT ON ACTIVITY – QUARTER 2

<b>Activity</b>	Online - Expert talk on "Process of Innovation Development, Technology Readiness Level (TRL), Commercialisation of Lab Technologies & Tech-Transfer"
<b>Date and time held on</b>	February 24, 2023, from 2:30 PM to 5:30 PM
<b>Mode</b>	Online mode via Google meet platform
<b>Resource Person</b>	1. Prof. Rajendra Gad, Director, DRDRM, Professor (Electronics) SPAS, Goa University 2. Dr. Bhakti Salgaonkar, Innovation Ambassador, Assistant Professor (Microbiology), SBSB, Goa University
<b>Total participants</b>	67
<b>Faculty attended</b>	Total 14 - (12 - Goa University, 2 - Others)
<b>Students attended</b>	Total 53
<b>The objective of the workshop</b>	To make participant aware of the process of developing technology from its concept up to its commercialization. To highlight all the levels of technology development. To understand importance of protection of intellectual property rights at all the steps of technology development. To aware the participants about the support system available for the IPR at Goa University.

#### Feedback

#### Key outcome of the event

Participants learned the process of developing technology from its inception of idea up to its commercialization. The example quoted by the experts gave thorough understanding of the steps.

Prof. Gad sighted his own development of “Collection of coconut using robotic system”. He highlighted all the steps involved at various levels of technology development using the above mentioned example. He also explained various steps involved during patent writing, filling and its role in protection of IPR for above example. He informed that patent is awarded to Goa University and same is being discussed with various industries for commercialization.

Dr. Bhakti explained the TRLs in terms of developing product based on microorganisms. She sighted work on biofertilizer development carried out in ICAR-Goa. She highlighted all the steps involved at various levels of technology development using the above mentioned example. She also explained various steps involved in the commercialization of the biofertilizers.

There were technical problems during the youtube streaming. Further, session of Dr. Bhakti Salgaonkar was not streamed on her request.
