

Goa University

Academic year 2023-2024

3.4.7 E-content is developed by teachers

For other MOOC platforms

As part of the **Open Education for a Better World (OE4BW) International online mentoring program** by The University of Nova Gorica, Slovenia and UNESCO Chair on Open Technologies for OER and Open Learning at the Jožef Stefan Institute, **which began from December 2023**, the faculty of Goa University (**Dr. Natasha Maria Gomes**) **contributed to the development of OER for a 30-hour MOOC** titled '**Building Bridges: Foundations of Intercultural Communication**'. The course had 10 modules and each module included a blend of text-based and video-based eContent along with quizzes, assignments and discussion forum activities.
