The objective	In view of the changing times and in consideration of the condition of the youth in terms of the skill sets not covered particularly under defined academic syllabus, Manohar Parrikar School of Law, Governance and Public Policy, Goa University organised the Lecture on Contemporary India and the World on February 15th- 16th 2023 for NCC cadets of Senior and Junior Division from schools all across Goa.

Description of the activity	The eagerly anticipated session was opened by the chair, Professor Shrikant Paranjpe. He referred to Chhatrapati Shivaji Maharaj in his speech as a leader who protected the interests of the people of the country until the very end. He is well renowned and esteemed for possessing the managerial and leadership skills that our country needed to fight the Brits. He asserted that Shivaji's early military victories proved he was a born leader. Additionally, he emphasised the necessity of collaborating between academic and extracurricular learning as well as the importance of emphasising extracurricular activities for kids. In his speech, he emphasised the new elements of the new education strategy that put India on level with the rest of the world in terms of skill-based education. He emphasised the importance of including defence studies as a component in the current educational system so that students can learn the fundamentals of leadership and governance and develop these talents in order to be ready for chances in the future.
Benefit/Key outcome of the event	The goal of these lecture sessions was to give the Goan NCC Youth the much-needed direction they needed in choosing their careers. The range of career opportunities available to them as the NCC youth was an interesting takeaway of the session. Discussion around the necessary skill set required for various sub fields in defence and strategic fields was also a fruitful result of the question-answer session of the event.
