No. 11008/ESG/Goa

Dated, the 16th of February, 2023

Dear Prof Harilal B Menon,

Goa Sustainability Conclave on Productivity & Green Growth on 13 March

You will be happy to know that the National Productivity Council (NPC), set up by the Government of India in 1958, has been a pioneer in the field of consultancy, training and research in areas of energy, environment, productivity improvement and so on. NPC has built its capacity to extend end-to-end solutions to the industry, who in turn, fulfil their commitments to comply with the BRSR mandate.

We are going to organize **Goa Sustainability Conclave on Productivity & Green Growth on 13 March 2023**. For the conference, the Indian Potash Limited (under their CSR activity) is the Industry Partner. A copy of the program is enclosed.

We have so far organized five conferences, as part of our pan India (Environmental, Social & Governance) ESG series. The first one was in partnership with the Department of Public Enterprises, GoI on 29 July 2022 at New Delhi. It focused on CPSEs to be future ready from ESG point of view. Similar conferences were organized for the private sector in Chennai on 12 September 2022, in Mumbai on 29 November 2022, in Guwahati on 310 January 2023 and in Dehradun on 3 February 2023. All the conferences saw large participation of CPSE, private company professionals and other stakeholders with wide coverage in print and electronic media. In these conferences, NPC elaborated its seven-steps solution (Saptapadi) for easy and comprehensive adoption of ESG by organizations. Resource persons deliberated upon different ESG aspects.

Keeping in view the significance of the **Productivity & Green Growth**, the conclave at Goa, has been planned jointly with the Goa University, for students, faculty, corporates and other stakeholders from Goa. We feel that productivity and green growth issues are highly relevant to Goa in the light of India's commitments at Glasgow articulated by Hon'ble Prime Minister. The conclave will discuss the issues.

I request you to take part in the conclave and address of the gathering at 10.00 AM on 13 March 2023 in Hotel Cidade de Goa.

We appreciate the immense responsibilities which rest on your shoulders, but, considering your visionary commitments to environmental sustainability, the productivity movement would get a boost if you were to kindly accept our invitation. I look forward to a positive response. Shri K. D. Bhardwaj, Group Head (Environment Management & Climate Action), NPC mob- 9999455646 will coordinate with your office in this regard.

With best wishes,

Yours sincerely,

संदीप कुमार नायक

Respected Shri Bharadwaj Sir,
It is a privilege of Goa Business School, Goa University, to have been approached by National Productivity Council to partner Sustainability Conclave to be held in Goa on 13th March 2023. As we talked about in our zoom meeting, the venue fixed is hotel Cidade-de-Goa. Sir, based on our discussion, the following is the proposed budget for the conclave:

Sir, Once we get approval from NPC on the budget, we shall move for approval from Goa University. It may also be noted that we have charged university overheads @ 15% as per university guidelines. We shall also need an advance payment to meet the expenditure.

We are looking forward to your approval for us to do the needful.

Thanking you in anticipation.

Best regards,

NILESH BORDE, Ph.D. {Finance}
