

Memorandum of Understanding (MOU)

Sunder N. Dhuri, Professor
School of Chemical Sciences
Goa University
Taleigao Plateau
Goa 403206, India

Kyung-Bin Cho, Associate Professor
Department of Chemistry
Jeonbuk National University
Deokjingu Baekjaedaero 567
Jeonju 54896, Jeonbuk, Korea

The above-mentioned researchers have to date two quality research publications as co-authors. This MOU is to declare that the above group leaders have agreed to pursue continued collaborations, including sharing resources, data and personnel exchange, in order to continue producing quality research papers. Specifically, the Co(III)-peroxo species will be of extra interest for a year ahead.
