Dear Sir,

Greetings from Goa University! Hope you are doing well and everything is ok at your end.

Sir, I had requested you during our meeting in April 2022 for the donation of 25 desktop computers to the School of Chemical Sciences, Goa University, Goa and you had agreed to consider the same positively. But due to my preoccupation with so many administrative matters, I could not write to you earlier, officially regarding the same.

Now I am writing to you about the same with an appeal to consider the request made in the attached official letter for the donation of 25 desktop PCs to SCS.

I would like to reiterate here that, I am personally and on behalf of SCS, grateful to you for all the support you have given to SCS over the years through Syngenta in the form of donations to CDFAA (our Alumni Association) for giving fellowships to the needy meritorious M.Sc. Chemistry students of our school (some of them are your

employees now) as well as accommodating our passed-out M.Sc. & Ph.D. students through placements in your esteemed company.

Looking forward to your positive reply and thanking you.
