ASMITAI PRATISHTHAN

20<sup>th</sup> August 2019

To,  
The Vice Chancellor,  
Goa University,  
Taleigao Plateau, Goa.

LETTERS

Sir,

**Sub: Handing over of the Shennoi Goembab Computer Centre to the  
Konkani Department of Goa University.**

**Ref: Offer letter of Asmitai Pratishthan dated 19<sup>th</sup> March 2019**

In the letter above cited, the Asmitai Pratishthan Margao had offered to set up a Computer centre in the Konkani Department of the University, for use of Post-graduate students in Konkani .It was proposed to design, set up and hand over the computer centre at a cost of about Rs 11,00000/- (Rupees Eleven Lakh).The Pratishthan was informed orally that the University had accepted the offer and agreed to designate a suitable premises for housing the centre . The Shennoi Goembab Computer Centre is now fully ready with the following equipment.

- a) 20 personal computers
- b). 20 computer tables
- c) 1 UPS of adequate capacity
- d) 1 Two Ton Split AC
- e) 40 chairs designed for computer centre

All computers , UPS and AC are adequately connected to power source. The Shennoi Goembab Computer Centre is now ready for use.

10, COMMERCE HOUSE, LUIS MIRANDA ROAD, MARGAO, GOA-403 601 PHONE 2736878

ASMITAI PRATISHTHAN

The Asmitai Pratishthan is pleased to donate the Shennai Goembab Computer Centre to the Konkani Department of the University .The Centre will be fully owned , maintained and operated by the University . The centre may be used for the following purposes:

- a)To train postgraduate students of the Department in the use of computers in Konkani
- b) To increase the employability of departmental students by equipping them with necessary skills .
- c)To enable them to use Konkani for administrative and commercial purposes thereby increasing the utility of the language and helping it to develop like other Indian languages.

We do hope that the Shennai Goembab Computer Centre opens new horizons for post-graduate students of the Konkani Department.

---

5<sup>th</sup> April, 2019

To  
The HOD Konkani,  
Goa University,  
Taleigao-plateau, Goa.

Dear Sir,

**Sub: Proposal to set up computer lab for teaching  
Konkani typing to students M.A (Konkani).**

---

Further to our letter dated 19<sup>th</sup> March, 2019 to the V.C. of Goa University on the captioned subject and as proposed by the V.C. a meeting was held on 2<sup>nd</sup> April, 2019 with Shri Ramdas Karmali, Dr. Prakash Parienkar and the undersigned. On visit to the site it was found that one A.C. available there will not be sufficient and hence one more A.C. is required. Shri Karmali suggested that the DVD proposed to be added to each computer is not required, instead one external DVD RW can be made available. He also suggested that instead of 20 separate UPS systems (i.e. one per P.C.) One UPS of 5 to 6 KVA for all computers will be better. Further it was suggested to use the existing printer for the Laboratory also. It was confirmed that internal electrical and networking cabling will be undertaken by the University. Accordingly the hardware is reconfigured as listed in the attached sheet.

Thanking you,  
Yours faithfully

sd/-

(Shantaram Warde Walawalikar)

19-03-2019

To  
The Vice-chancellor,  
Goa University,  
Taleigao-plateau, Goa.

Sir,

*Sub: Proposal to set up computer lab for teaching  
Konkani typing to students M.A (Konkani).*

---

*Currently there is an acute shortage of professionals who are well versed with Konkani Devnagari typing on the computer and the use of Konkani in internet operation. Students of M.A. part I and part II do not have sufficient opportunity to train themselves in computer typing in Devnagari script as a part of their curriculum. Absence of the skill, essential for office-jobs, reduces their employability in spite of a postgraduate degree in Konkani. Even those who manage to get employed in office jobs cannot get decent salaries.*

*One of the reasons for students having only nominal or no knowledge of computer typing and operations in Konkani, is lack of well-equipped computer lab with sufficient number of computers incorporating latest technology compatible with the required software.*

*The Asmitai Pratishthan, a charitable trust registered in 1994,*

## *अस्मिताय प्रतिष्ठान, मडगांव गोंय*

---

*for the development of Konkani language and literature and preservation of Konkani culture, is actually aware of this impediment in the way of commercial growth of the language.*

*The Pratishthan has been brain-storming for some time to find a solution to this problem. One solution could be to set up a sufficiently equipped and technologically updated computer Lab for the sole use of students of Konkani in Goa University. A detailed proposal for setting up such a lab is attached.*

*The Pratishthan proposes to utilize the existing space in the Department of Konkani to set up the laboratory to serve about 80 students of M.A part I and Part II. The lab will be fully financed by the Pratishthan and handed over to the Konkani department of the University for the required use of students. The ownership of the lab will vest with the Goa University and the maintenance of facilities shall be the responsibility of the Department. The know-how for teaching and maintenance is stated to be available in the University itself.*

*We propose to name this Lab as "Shennoi Goembab Sangannak Karyashala" sponsored by Asmitai Pratishthan"*

*The Pratishthan requests the University authorities to permit it to set up the computer lab during the ensuing vacation in 2019. The Pratishthan undertakes to abide by conditions which the*

**अस्मिताय प्रतिष्ठान, मडगांव गोंय**

---

*University deems appropriate to stipulate for approving our proposal.  
An early decision on the subject is requested.*

*Thanking you,  
Yours sincerely,*

  
Arvind P. Bhatikar IAS(Retd)  
President, Asmitai Pratishthan.

## **अस्मिताय प्रतिष्ठान, मडगांव गोंय**

---

### **Annex**

#### **Estimate for material for Computer Laboratory**

Setting up of computer laboratory for the use of Post graduate students of Konkani language at Goa University.

Purpose is to provide facility to the students for working on computers independently with special attention to create text in Devnagari script. This will empower them to take up jobs involving creation of contents in Konkani, compose Konkani books, undertake literary and other translations etc. after completion of studies.

The strength of the students of first and second year is around 40 each. Initially 20 computers should be sufficient for this strength with 2 students per computer at the time of class. After that, practice can be conducted with the batch of twenty students at a time with one computer per student.

In this estimate power source is considered as available from the University. Network cabling and Internet wi-fi facility is also considered to be available from University.

For the computer Laboratory following hardware/infrastructure is required

- Desk top computers
- Printer/s (multi functional – print, scan, copy)

## अस्मिताय प्रतिष्ठान, मडगांव गोंय

---

- UPS system
- LCD Projector
- Tables
- chairs
- Air conditioner
