

Project: shivaji maharaj chair Effects Effect Controls Lumetri Scopes

The Lumetri Scopes panel displays three primary views: a Waveform monitor on the left showing signal levels from 0 to 100; a Vectorscope on the bottom left showing color vectors; and a Histogram on the right showing the distribution of pixel values. A 'Clamp Signal' checkbox is visible at the bottom.

Program: 00000

The main preview window shows a video of a conference. A white box highlights a specific area on the stage. The video player includes a timeline at the bottom with a playhead at 00:30:42:16. Playback controls are visible below the timeline.

The timeline and tracks interface shows a multi-track editing environment. The timeline at the top is marked from 00:25:00:00 to 00:38:00:00. Below it are tracks for video (V1, V2, V3) and audio (A1, A2, A3, Mix). Video tracks contain clips from '00000.MTS'. Audio tracks show waveforms for 'Ch.1'.
