Dear all,

I hope this email finds you well. As discussed in the last School meeting, we are excited to announce the commencement of the PG Mentoring Programme for our students pursuing NET/SET in Life Sciences. Your involvement and support in this initiative are crucial for the success of the program, and we appreciate your dedication to nurturing the academic growth of our students. Your suggestions will be encouraged for the continuous evolution of this programme. The attached schedule was discussed with the SBSB Dean and approved for its circulation.

Mentoring Programme Overview:

The mentoring program aims to provide comprehensive support to our PG students preparing for NET/SET exams in Life Sciences. We have selected two teachers from every discipline to take responsibility for Mock Tests and any demanded teaching for specific topics. Additionally, we welcome other teachers to voluntarily contribute to teaching various topics. These selected teachers include,

Botany: Dr. Siddhi and Dr. Aditi

Zoology: Dr. Avelyno and Ms. Gandhita

Microbiology: Dr. Trupti and Dr. Judith

Biotechnology: Dr. Sanika and Ms. Dviti

Google Classroom Code: qj2bdmi

To facilitate seamless communication and resource sharing, we have set up a Google Classroom for the mentoring program. Please share the following code with your students: [Insert Google Classroom Code]. This platform will serve as a hub for learning resources, books, practice MCQ tests, and announcements.

Mock Test Schedule: Provided as an attachment

The mentoring program will follow a structured schedule covering key topics in Life Sciences over the course of 20 weeks. Mock tests will be conducted at regular intervals to assess the students' understanding.

Additional Information:

Learning resources, books for concept knowledge, and practice MCQ test books are linked on the Classroom.

Mock Tests will be held in physical mode whenever announced on Saturdays.

Week-wise videos on topics will be screened on Saturdays.

Tutoring will be available for selected topics.

Your active participation in this program will undoubtedly contribute to the success of our students. We encourage you to engage with the students on the Google Classroom platform, respond to queries, and provide additional support where needed. We will have one common meeting with enrolled students in the coming days.

Thank you for your commitment to academic excellence. If you have any questions or concerns, please feel free to reach out in person or through online mode.

Best regards,

Shanti N. Dessai
