## TRANSFORMING THE REGULATORY SYSTEM OF HIGHER EDUCATION

- Regulatory system of higher education will ensure that the distinct functions of regulation, accreditation, funding, and academic standard setting will be performed by distinct, independent, and empowered bodies.
- These four structures will be set up as four independent verticals within one umbrella institution, the [Higher Education Commission of India \(HECI\)](#).
- ✓ The first vertical of HECI will be the National Higher Education Regulatory Council (NHERC). It will function as the common, single point regulator for the higher education sector including teacher education and excluding medical and legal education.
- ✓ The second vertical of HECI will, be a 'meta-accrediting body', called the [National Accreditation Council \(NAC\)](#).
- ✓ The third vertical of HECI will be the Higher Education Grants Council (HEGC), which will carry out funding and financing of higher education
- ✓ The fourth vertical of HECI will be the General Education Council (GEC), which will frame expected learning outcomes for higher education programmes, also referred to as 'graduate attributes'. A [National Higher Education Qualification Framework \(NHEQF\)](#) will be formulated by the GEC.
