

SYNTHESIS AND STRUCTURAL CHARACTERIZATION OF FERRITES AND METAL OXIDES

A Dissertation Report for

Course code and Course Title: CGO-500 Dissertation

Credits: 08

Submitted in partial fulfilment of Masters Degree

M.Sc. in Inorganic Chemistry

By

Amruta Vithoba Velip

DECLARATION BY STUDENT

I hereby declare that the data presented in the Dissertation report entitled, "Synthesis and Structural Characterization of Ferrites and metal oxides" is based on the results of investigation carried out by me in the Inorganic Chemistry at the School of Chemical Sciences, Goa University under the Supervision of Dr. Rohan Kunkalekar and the same has not been submitted elsewhere for the award of a degree or diploma by me. Further, I understand that Goa University or its authorities will be not be responsible for the correctness of experimental or other findings given the dissertation.

I hereby authorize the University to upload this dissertation on the dissertation repository or anywhere else as the UGC regulations demand and make it available to any one as needed.

COMPLETION CERTIFICATE

This is to certify that the dissertation report "Synthesis and Structural Characterization of Ferrites and metal oxides" is a bonifide work carried out by Ms Amruta Vithoba Velip under my supervision in partial fulfilment of the requirements for the award of the degree of Master in the Discipline Inorganic Chemistry at the School of Chemical Sciences, Goa University.
